# Standigm® *Insight* (since 2017)

Standigm *Insight* reinforces your in-house compound by discovery of hidden indication and pathway with potential target prediction.

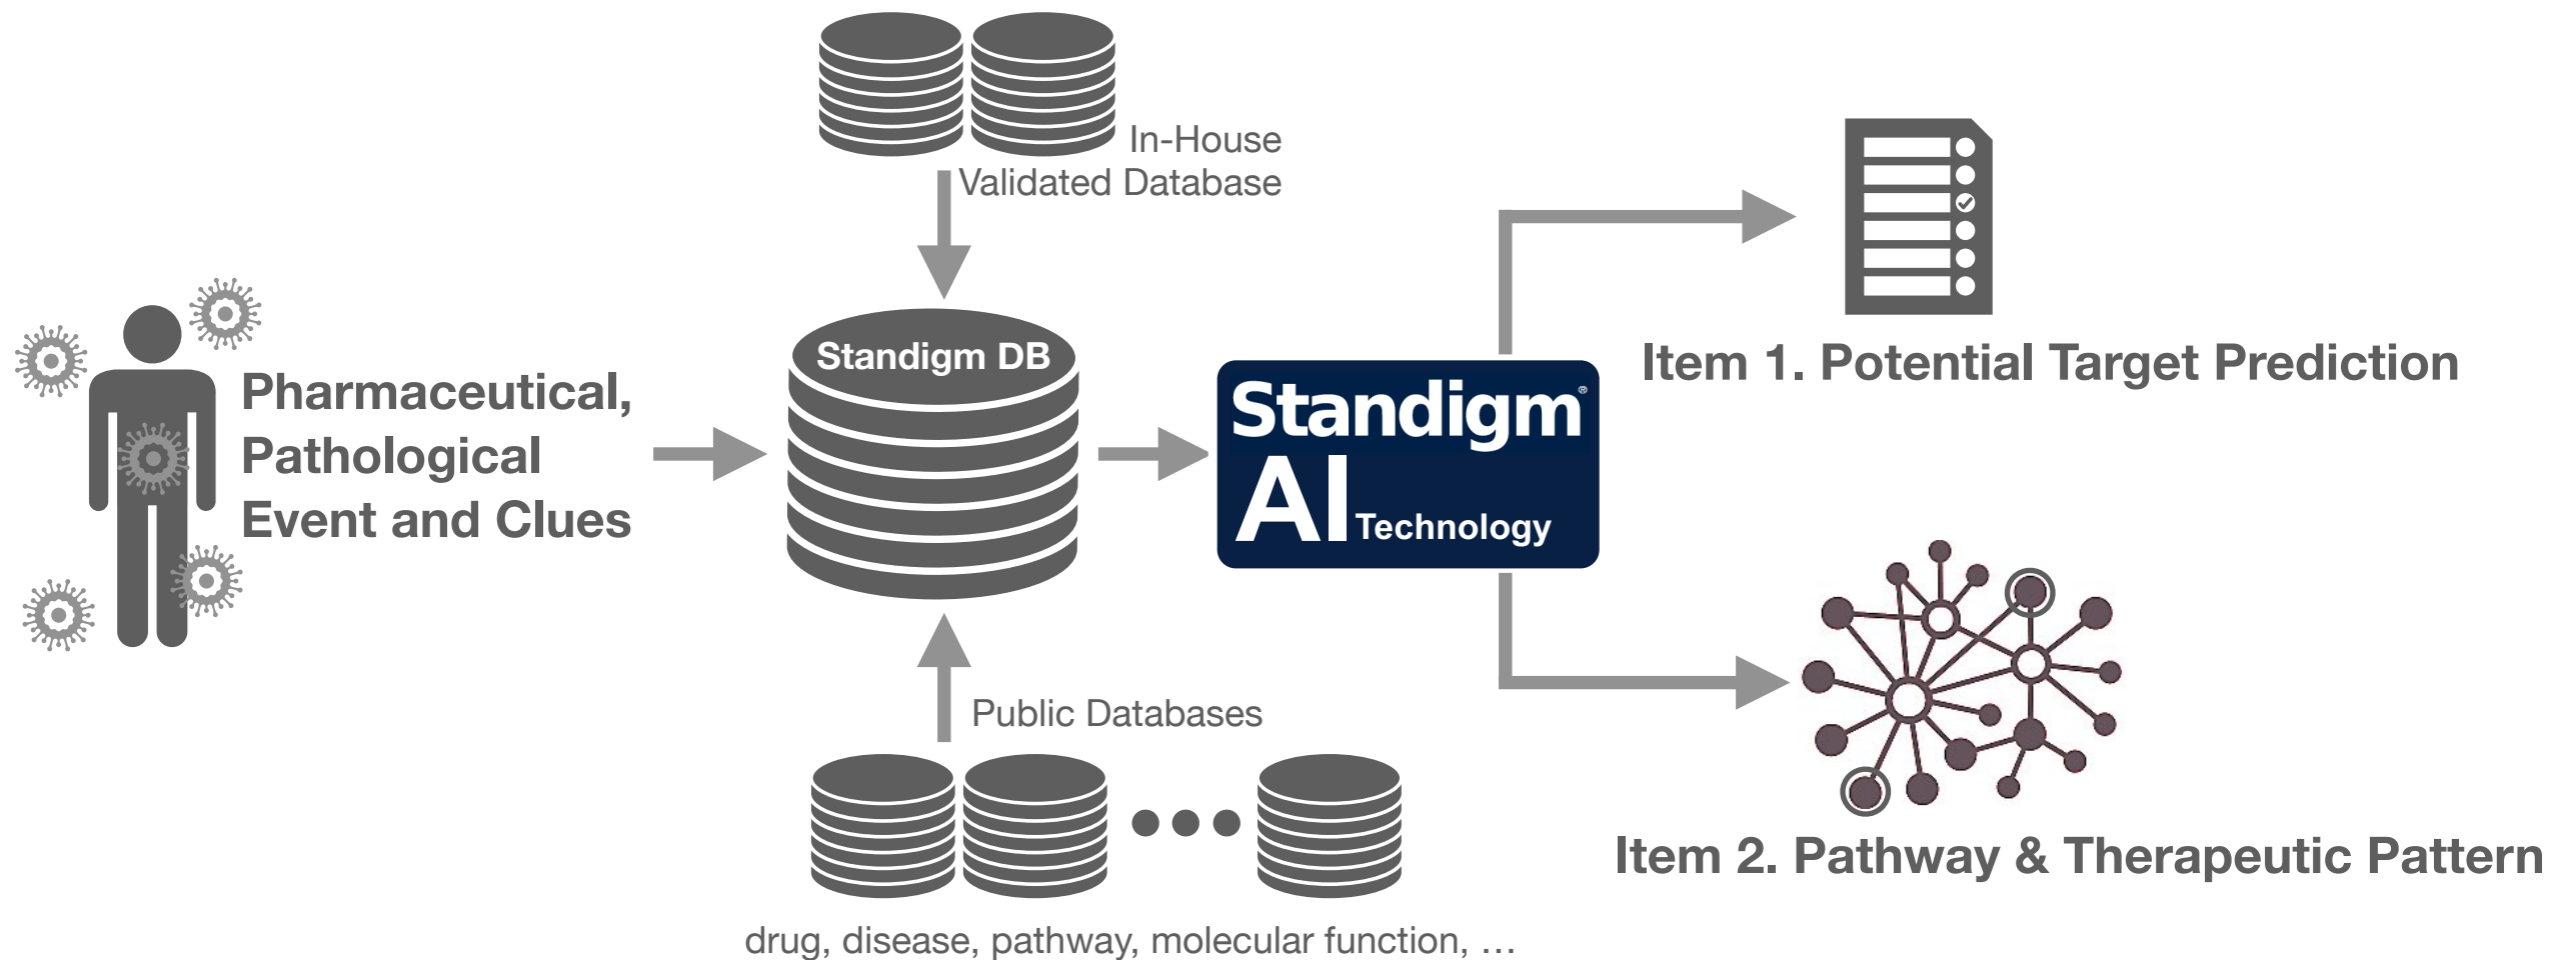

Standigm®AI — Binding Prediction

Subject Compound

Gene Expression Profiling Data

In-House Validated Database

Standigm DB

Public Databases

drug, disease, pathway, molecular function, …

Standigm® AI Technology

Item 1. New Indication Prediction

Item 2. Pathway & Therapeutic Pattern

Item 3. Potential Target Prioritization

References:

- Two B German and two T Japanese companies
  - 2 projects have been done.
  - Under negotiation for continuing projects.
  - 2 projects are in progress.
